UNIVERSITY OF CALIFORNIA, RIVERSIDE

Student Learning Outcomes for the B.A./B.S. in Anthropology

Students completing the B.A./B.S. major will be able to:

1. demonstrate an awareness of how cultural and biological diversity define the past, present, and future of humanity
2. demonstrate an ability to formulate a basic research question, collect, analyze and present data
3. effectively communicate how they can apply anthropological approaches to real world problems they will face after completion of their university education.
