Student Learning Outcomes for the B.A. in Dance

Students completing the B.A. major will be able to:

1. Develop Choreography: Students must show that they can form and develop a choreographic concept through to full production in *UCR is Dancing*.
2. Collaboration and Improvisation: Students will show that they can use collaboration and improvisation as key artistic practices.
3. Space, Time, Awareness: Students will show that they can direct performers in space and time with critical awareness.
4. Artistic Decisions: Students will show that they can make artistic decisions toward a coherent whole with awareness of work by others as well as one’s own contribution.
